Frame Artic

### Artic

Frame ARTIC presents the fascination of a snow-white "abstract landscape".

Its lines and its coating in shades of grey and black are lost in a sea of white, creating horizons, skies and territories that belong to the soul.

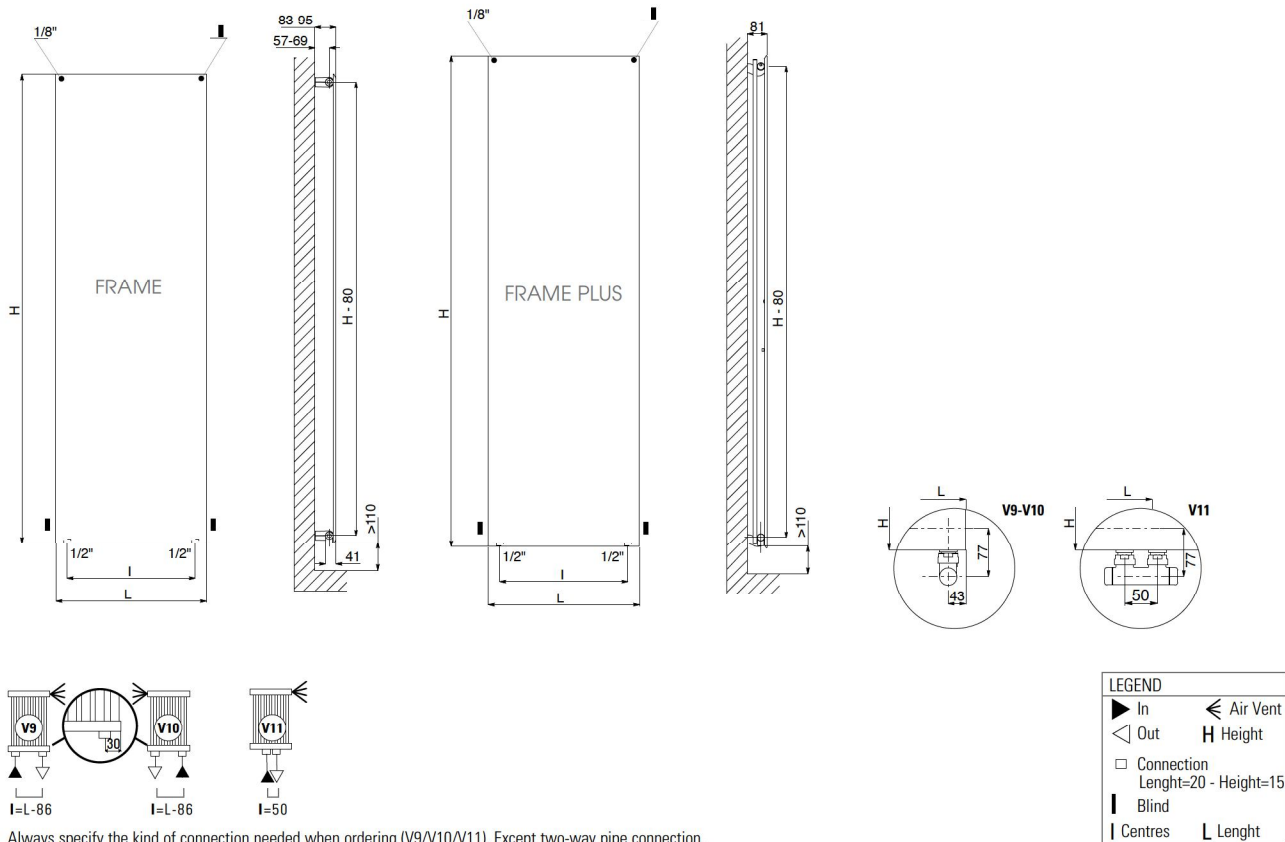

Artic involves and stirs emotions just like in front of a painting. This radiator, available in four sizes, is versatile and functional and it represents an important contribution to interior architecture.

### Corallo

Primitive signs and colours presented in a contemporary style have inspired the Frame CORALLO furnishing radiator. The sinuous lines cover the entire heating surface radiating a joyful dynamism. Frame Corallo enriches everyday life with new visual and emotional stimuli.

Versatile and stylish, it fits in any environment and can be accessorised with handy and essential satin stainless steel towel racks.
