

Colour: T11

P. max: 10 bar	Available for central heating systems
T. max: 95 °C	

**Material:**  
Painted carbon steel

**Packaging:**  
The radiator is protected by a recycle film in polyethylene and with a box in recycle carton. User notice included.

**Painting process:**  
painted with ecological epoxy powders.  
(certificate DIN 55900-1,-2)

**Valve kit included:**

- Valves with thermostatic head
- fittings for copper pipe (ø 10/12/14/15/16)
- fittings for multilayer pipe (ø 14/16/18)

**Available colours:**

- Matt White - T11
- Gold White - M06

**Lighting:**  
105 Watt energy saving, 12 Volt.  
Adjustable light intensity.

## RAISING®

Raising® is the new free-standing model designed by Mariano Moroni, which frees the radiator from the traditional position on the wall and becomes an "all around" radiator, which combines the function of the radiator with the one of floor lighting. Raising® also enables great thermal efficiency and a rapid and uniform heat diffusion. Raising® hot water is available in 3 sizes.

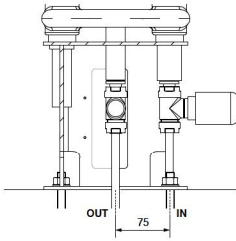

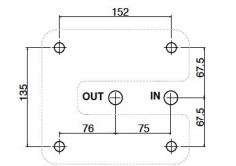

Design: Mariano Moroni

### PATENTED MODEL

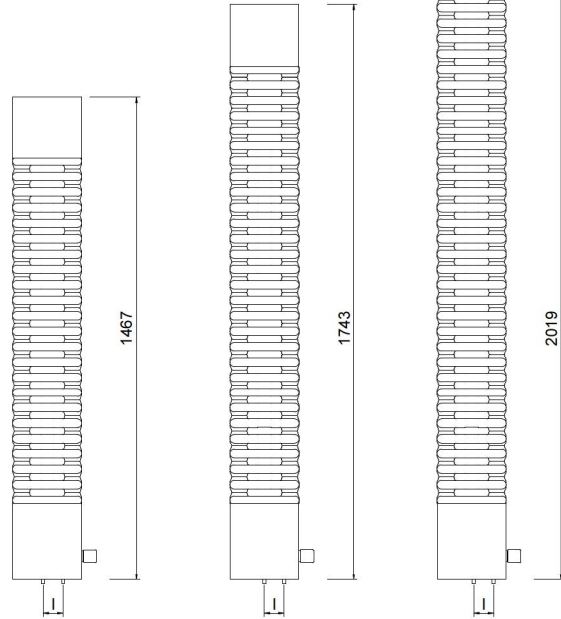

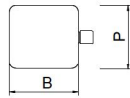

Including thermostatic head according UNI-EN 215:2007 regulations and D.M. 19/02/2007
